#### **Independent Auditors' Report**

Board of Trustees Liberty Memorial Association d/b/a The National World War I Museum and Memorial Kansas City, Missouri

We have audited the accompanying financial statements of Liberty Memorial Association d/b/a The National World War I Museum and Memorial (the Museum) which comprise the statements of financial position as of December 31, 2016 and 2015 and the related statements of activities and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Liberty Memorial Association d/b/a The National World War I Museum and Memorial as of December 31, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# NOTES TO FINANCIAL STATEMENTS

# YEARS ENDED DECEMBER 31, 2016 AND 2015

# 1. Organization and summary of significant accounting policies:

# Organization:

Liberty Memorial Association d/b/a The National World War I Museum and Memorial (the Museum), a Missouri not-for-profit corporation, was formed in 1920 to honor those who gave service during World War I through the construction of a memorial and museum complex (the Memorial) in 1926. The Memorial building and 26-acre park grounds are owned by the City of Kansas City, Missouri (the City) and the Museum artifacts are owned by the Museum. The original Memorial comprised two 2,550 square-foot buildings to house the collection, the Liberty Memorial Tower and additional exterior architectural elements and artistic renderings. On October 6, 2000, the Memorial was listed on the National Register of Historic Places. The original Memorial was restored in 2002 pursuant to guidelines established by the State of Missouri Historical Preservation Office and met the criteria of the Secretary of the Interior's Standards for the Treatment of Historic Properties. The Memorial's rededication ceremony was held on Memorial Day of 2002. As a result of the restoration, significant underground space became available for the expanded Museum exhibit area (30,000 square feet) and the associated research and archival storage areas (22,000 square feet). Restoration and expansion efforts were validated in the Historic Structure, Landscape, and Preservation Planning Report for Liberty Memorial prepared by John G. Waite Associates, Architects, PLLC.

The grand opening of the expanded Museum, designated by the United States Congress as the National World War I Museum in 2004, took place on December 2, 2006. In 2014, the Congress of the United States designated the Memorial as a national World War I memorial, thereby giving the Museum and Memorial the designation as The National World War I Museum and Memorial. The expanded Museum houses and displays a significant portion of the Museum's collection of objects and artifacts. This rich collection has grown to more than 310,000 artifacts as of December 31, 2016. Pursuant to the guidelines of the American Association for State and Local History (AASLH), the collection has not been capitalized because the AASLH believes that collections are not financial assets, but constitute a separate category of resource directly fulfilling institutional missions, legal responsibilities and fiduciary obligations. The Museum has agreed to follow the AASLH's *Statement of Professional Standards and Ethics*, which specifically concludes that collections shall not be capitalized nor treated as financial assets. Accessions to the collection, which often include multiple artifacts, totaled 174 and 165 in 2016 and 2015, respectively.

The Museum and its programs are supported by donor contributions, an agreement with the City and its Parks and Recreation Department for the operation and maintenance of the Memorial and revenues from admissions, space rental, and the sale of merchandise. For financial statement purposes, the Museum's current programs are as follows:

<u>Museum operations</u> – reflects the operating expenses of the Memorial (including the Liberty Memorial Tower, Exhibit Hall and Memory Hall) and upkeep of the 26-acre parkland, and the National World War I Museum.

# YEARS ENDED DECEMBER 31, 2016 AND 2015

# 1. Organization and summary of significant accounting policies (continued):

Organization (continued):

<u>Collections management and research</u> – includes the curatorial team; as well as the cataloging, preservation, storage, research and exhibition of artifacts and archives, including digitization for on-line viewing of the collection.

<u>Public programs</u> – for staff, content and other costs associated with the public and community educational programs, including youth outreach.

# Basis of accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Financial transactions have been recorded in and reported by the following net asset groups:

Unrestricted net assets represent resources over which the Board of Trustees has discretionary control.

Unrestricted board designated net assets represent net assets restricted by the Board of Trustees for specified purposes.

Temporarily restricted net assets represent resources available for use currently or in the future, but are expendable only for purposes specified by the donor or within a donor-designated time period. Resources of these funds originate from gifts and grants.

Permanently restricted net assets are those contributions whose use by the Museum is limited by donor-imposed stipulations that the corpus be held in perpetuity.

#### *Unconditional promises to give:*

Contributions are recognized when the donor makes a promise to give to the Museum that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the same year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

The Museum uses the allowance method to determine uncollectible promises receivable. The allowance is based on prior years' experience and management's analysis of specific promises made.

# YEARS ENDED DECEMBER 31, 2016 AND 2015

# 1. Organization and summary of significant accounting policies (continued):

#### Investments:

Investments are reported at their fair values in the statements of financial position and changes in net assets. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met in the same year in which the income and gains are recognized.

# *Inventory:*

Inventory comprises merchandise for resale and is stated at lower of cost, determined on the first-in, first-out basis, or market.

#### Property and equipment

The Museum facility is owned by the City, and the operating agreement with the City provides that certain property and equipment acquired by the Museum that is permanently affixed to the Memorial building and grounds will become the property of the City.

Property and equipment acquisitions by the Museum are recorded at cost in the financial statements and are being depreciated over the shorter of their estimated useful lives or the terms of the operating agreement, including renewals. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as unrestricted contributions unless the donor has restricted the donated assets to a specific purpose. The Museum capitalizes property and equipment over \$5,000.

Property and equipment are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Exhibition space and facility improvements Transportation equipment	15-30 5
Equipment and furnishings	3-15

#### Deferred revenue:

Deferred revenue represents amounts received in advance from facility rentals, programs and the management fee received from the City for services to be provided in the subsequent year.

# Special events:

Direct donor benefits are shown as a reduction of related revenue on the accompanying statement of activities and changes in net assets. Direct donor benefits consist of food and beverage provided to attendees.

# NOTES TO FINANCIAL STATEMENTS (CONTINUED)

# YEARS ENDED DECEMBER 31, 2016 AND 2015

# 1. Organization and summary of significant accounting policies (continued):

#### Contributed services:

A significant number of individuals contribute their services to the Museum as volunteers. The volunteers serve as greeters, docents, educational assistants, research assistants, perform other visitor service functions and provide administrative support. During 2016, volunteers recorded 54,712 hours of service. The value of this contributed time is not reflected in these financial statements since it did not enhance non-financial assets or require specialized skills.

#### Use of estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Income taxes:

The Museum is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Museum follows GAAP related to uncertain tax positions. The Organization's accounting policy is to provide liabilities for uncertain income tax provisions when a liability is probable and estimable.

The Museum had no uncertain income tax positions for the years ended December 31, 2016 and 2015, and is not aware of any violation of its tax status as an organization exempt from income taxes. The Museum is no longer subject to audits for Federal or state purposes for years subsequent to 2013.

#### Concentrations of credit risk:

Financial instruments which potentially subject the Museum to significant concentrations of credit risk consist principally of cash and cash equivalents and investments. The Museum maintains its bank accounts at financial institutions with a high credit standing located in the Kansas City metropolitan area where accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. The balance in these accounts frequently exceeds federally-insured limits. Cash equivalents of \$107,005 and \$703,000 at December 31, 2016 and 2015, respectively, are invested in money market funds which are not insured by the FDIC, but are secured by Government bonds.

The Museum invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

# NOTES TO FINANCIAL STATEMENTS (CONTINUED)

# YEARS ENDED DECEMBER 31, 2016 AND 2015

# 1. Organization and summary of significant accounting policies (continued):

Concentrations of credit risk (continued):

The Museum received funding from the City totaling \$810,250 and \$1,315,661 for the years ended December 31, 2016 and 2015, respectively. These amounts represent 8% and 12% of the total revenue for the years ended December 31, 2016 and 2015, respectively.

# Subsequent events:

Subsequent events have been evaluated through May 15, 2017, which is the date the financial statements were available to be issued.

# 2. Unconditional promises to give:

Unconditional promises to give consist of the following:

	<u>2016</u>	<u>2015</u>
Gallery capital campaign Education programs Strategic initiatives	\$ 3,091,667 145,000 962,500	\$ 1,399,667 145,000

	\$ 5,823,432	<u>\$ 2,883,458</u>

#### 3. Missouri Development Finance Board receivable:

Effective March 27, 2015, the Museum entered into a tax credit agreement with the Missouri Development Finance Board (the Board). Under the terms of the agreement, the Board will accept contributions from donors up to \$3,600,000 and make the proceeds available to the Museum. The Board will issue tax credits to the donors up to \$1,800,000. The tax credits may be used by the donors to reduce the amount of income taxes owed to the State of Missouri. The Board charges an administrative fee of 4% and the agreement expires December 31, 2017.

The proceeds must be used for improvements and additions to the East Wing of the Museum facility (the Project). The Museum is required to submit a disbursement request to the Board detailing the expenses incurred with the Project in order for the Board to release funds to the Museum.

# NOTES TO FINANCIAL STATEMENTS (CONTINUED)

# YEARS ENDED DECEMBER 31, 2016 AND 2015

# 3. Missouri Development Finance Board receivable (continued):

In the event the Museum does not complete the Project, funds held by the Board will be applied first to reimburse the State of Missouri for the cost of tax credits issued, second, if requested by a donor, the funds will be returned to the donor and third, to pay for infrastructure projects the Board and the Museum mutually determine are beneficial to the Kansas City metropolitan area and the State of Missouri.

During the years ended December 31, 2016 and 2015, the Board received the following contributions:

	<u>2016</u>	<u>2015</u>
Contributions Administrative fee	\$ 856,250 ( <u>34,250</u> )	\$ 856,250 ( <u>34,250</u> )
Amount available to the Museum	<u>\$ 822,000</u>	\$ 822,000

In 2016, the Board disbursed \$227,726 to the Museum. The balance available to the Museum at December 31, 2016 was \$1,416,274.

The Museum follows GAAP which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs including quoted prices in active markets for similar assets and Level 3 inputs consist of unobservable inputs that are supported by little or no market activity and have the lowest priority.

The Museum uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Museum measures fair value using Level 1 inputs because they generally provided the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. As of December 31, 2016 and 2015, all of the Museum's investments were valued using Level 1 inputs.

#### 8. Endowment funds:

The State of Missouri has adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA). UPMIFA provides guidance and authority concerning the management and investment of donor funds and provides the Museum's governing board certain guidelines to use when determining what is prudent in terms of retaining and spending permanently restricted donor funds. Under the provision of UPMIFA, organizations are required to maintain and report endowment funds based upon donor intent, whether explicit or implied. Based on its interpretation of the provisions of UPMIFA and a review of underlying endowment agreements, management has determined that maintaining permanent endowments at their historic dollar value is appropriate and consistent with the intent of the Museum's donors.

From time to time, the fair value of assets associated with an individual donor-restricted endowment fund may fall below the fund's original value, generally due to unfavorable market fluctuations. Deficiencies of this nature are reported in unrestricted net assets. Subsequent gains that restore the fair value of the assets of the endowment fund to the required level are classified as an increase in unrestricted net assets. There were no such deficiencies at December 31, 2016 or 2015.

The Museum's permanently restricted net assets consist of a permanent endowment fund established in connection with the award of a \$500,000 National Endowment for the Humanities (NEH) Challenge Grant to the Museum, subject to a matching requirement of one dollar of NEH funds for every three dollars raised by the Museum. This matching requirement was met in 2009. The income from the endowment is to be used 90% for educational programming and 10% for artifact acquisition.

The Museum is strengthening its philanthropic engagement with the intent of building its endowment and reserve funds. The Museum seeks to create various endowed funds to support all aspects of Museum operations, care and upkeep of the Memorial and upkeep of the grounds. A comprehensive fundraising campaign 'Call to Duty' is supporting these initiatives.

Board-designated endowment consists of an endowment fund established in 2009 to provide resources to support the Museum's operations.

# 8. Endowment funds (continued):

The changes in the endowment net assets are as follows:

	Unrestricted	Temporarily restricted	Permanently restricted	<u>Total</u>
Beginning of year \$ Contributions Interest and dividend income,	\$ 237,689	\$ 328,939	\$ 2,032,109 10,000	\$ 2,598,737 10,000

gains Grants	17,185	101,146 ( <u>122,455</u> )		118,331 ( <u>122,455</u> )
End of year	<u>\$ 260,533</u>	<u>\$ 336,747</u>	<u>\$ 2,042,109</u>	<u>\$ 2,639,389</u>

The Museum has adopted investment and spending policies for endowment and other extended-time horizon assets that attempt to provide a reasonable rate of return as a source of funding to programs supported by its endowments. Under the investment policy, endowment assets are to be invested in various asset classes while assuming a reasonable level of investment risk.

To satisfy its long-term objectives of equity preservation and growth, the Museum has adopted a total return strategy for investment returns through both capital appreciation and current income using an asset allocation policy that allows for investing in equity-related securities to achieve its return objectives. The current target allocation for these assets is 45% money market and fixed income investments and 55% equities; and the current target allocation for mid-term assets (3-5 year time horizon) is 70% money market and fixed income funds and 30% equity funds, which are within the specified ranges of the current investment policy.

The Museum's spending policy for endowment allows for the use of up to 5% of the prior three year-end average market values.

# 9. Agreement with the City of Kansas City, Missouri:

The Museum has an agreement with the City to manage the Memorial as well as the surrounding 26-acre parkland, and to exhibit artifacts and otherwise operate the Museum, including providing maintenance and security. The agreement expires August 25, 2032, but will automatically renew for successive five-year periods unless terminated as provided for in the agreement. The agreement also provides that property and equipment, other than that acquired with the proceeds of bonds issued by the City or permanently affixed to the Memorial, will become the property of the Museum. Under a previous agreement, all property and equipment, even if acquired by the Museum, was considered to be owned by the City.

# 9. Agreement with the City of Kansas City, Missouri (continued):

The management and operating fee is \$625,000 annually, subject to appropriation from the City's general fund, net of certain costs paid for by the City, and is for the period May 1 to April 30 each year. The portion of the payment received by the Museum that pertains to the subsequent year is included in deferred revenue in the accompanying statements of financial position.

The Liberty Memorial Trust Fund (Fund), held by the City for the benefit of the Museum and Memorial, was created in 2000. The amount received by the Museum from the Fund annually to help pay for maintenance, utilities and security is equal to 45% of the earnings from the Fund.

The Fund had an initial balance of \$15.7 million when created in 2000 and was approximately \$10.9 million at December 31, 2016. Any amounts received by the Museum in excess of actual expenses are to be returned to the City. There were no amounts required to be returned to the City as of December 31, 2016 or 2015.

The City also makes grants for specific purposes to the Museum. All amounts received from the City are included in governmental grants in the accompanying statement of activities and changes in net assets.

Amounts received from the City during 2016 and 2015 were as follows:

	<u>2016</u>	<u>2015</u>
Management fee Maintenance and security Other special projects Centennial grant	\$ 625,000 47,250 38,000 100,000	\$ 625,000 46,501 544,160 100,000
	<u>\$ 810,250</u>	\$ 1,315,661

#### 10. Retirement Plan:

The Museum has a 401(k) plan covering all employees who meet minimum age and service requirements. Participants may contribute up to the maximum allowed by law (\$18,000 for 2016). If a participant is age 50 or older by the end of the year, s/he may also make "catch-up" contributions up to \$6,000.

The Museum matches 100% of employee deferrals up to 3% of compensation and 50% of deferrals that exceed 3% of compensation, but do not exceed 5% of compensation. Matching contributions were \$50,682 and \$48,050 in 2016 and 2015, respectively.

# 11. Commitment:

In 2016, the Museum committed to a \$3.7 million construction contract for additional gallery space and certain exterior improvements. The majority of the work is to be completed in 2017. Once construction begins, payments are due upon receipt of monthly invoices from the contractor. The Museum may terminate the contract at any point in time without penalty, but will be required to immediately pay the contractor for unpaid costs incurred and reasonable overhead and profit on the work not yet executed.
